

Aspire & Achieve

March 2020

Dear Parent(s)/Carer(s)

I am writing to update you on the current situation with regards to Coronavirus. Please be assured that we are checking for updates on a daily basis and following the advice we receive from Public Health England and the Government.

We are doing all that we can to encourage students and staff to follow good hygiene practices:

Preventing spread of infection:

1. Key advice from Public Health England is being shared with students via posters around the school.
2. Toilet facilities are kept well stocked with soap to promote effective hand hygiene.
3. Disinfectant is being used to regularly clean the digital sign in tablets in reception.
4. Students eating in the Hub will be offered hand sanitizer as they purchase food and the biometric finger print scanners will be regularly sanitized.
5. We will continue to clean the school every evening. Cleaners are using disinfectant to clean hard surfaces such as desks and door handles.
6. We are fully aware of the Government guidance for those returning from abroad recently.

We will continue to follow Public Health England advice. This is clearly an evolving situation and I will keep you updated of any significant changes within school.

Yours sincerely

Mr S Baker
Headteacher
