UNDERSTANDING THE JOB MARKET

Industry Sector Spotlight: Life Sciences, Healthcare and Social Care

Each area of the economy has a different story to tell. Each issue of Classroom to Career includes insight into a sector where job opportunities are growing: this month we feature careers in Life Sciences, Healthcare and Social Care.

Careers in this sector range from highly innovative engineers who can design new healthcare digital technologies, through to social workers working with vulnerable adults, or even biopharma technicians working to create new drugs. Buckinghamshire, in particular, is part of a world-leading 'Golden Triangle' of UK life sciences activity with plenty of jobs to be found.

[Visit the website here >](#)

What's booming locally

If you're not sure what kind of career might be best for you, the Sector Hub on the Bucks Skills Hub website is filled to the brim with information on all the key sectors in Buckinghamshire - from up-and-coming emerging technologies to the sectors booming with business growth. [Explore industry sectors here >](#)
