GCSE Science Revision Guides

Dear Parents and Carers,

I do not usually endorse any specific revision guides but we have found the Oxford University Press Revise guides for AQA GCSE Science (Single Sciences and Combined Science) to be particularly good.

Each Science topic is organised into a three stage approach:

1. Knowledge organiser (similar to the CGP guide format)
2. Retrieval of knowledge (to help commit knowledge to long term memory)
3. Practice (exam questions to apply your knowledge to)

If you order one of these revision guides through the school, you will benefit from a 50% discount. Please note that the school does not earn commission or profit in any way from any orders you place, this deal is to help parents and students. The combined science guide costs £9 and the 3 individual sciences cost £12 for the 3.

If you would like to place an order through us then you will be able to do so through your ParentPay account. We have set it up so that you can only order the book that is appropriate for your child. If you experience any problems with your ParentPay account then please contact the finance department by email finance@insignis.org.uk.

Please place your order by **4pm on Thursday 12th May.**

Yours sincerely,

Susie Davoren
