Dear Parents and Carers

Spooky Disco

I am writing to you on behalf of the Princes Risborough School Sixth Form Interact Club whose main function is to raise money for charities.

We have decided to host a Year 7 Spooky Disco on Wednesday 20th October 2021 from 6pm until 8pm.

In the past, the Spooky Disco has been a successful event, raising over £300 and it would be amazing if we could do that again and even set a new school record.

The money raised from the event will be going towards Medecins Sans Frontieres - Doctors Without Borders, who are an international humanitarian medical non-governmental organisation best known for its projects in conflict zones and in countries affected by endemic diseases. They provide vital medical care to those affected or wounded by war conflict.

We are asking students to come to the disco in spooky costumes or fancy dress.

Tickets are £5 and must be purchased via Parent Pay.

The Guild of Parents will be running a tuck shop on the night selling drinks and snacks, so we suggest bringing along some pocket money. There will also be a face-painting booth where we will charge £2.50 per person on the night. All materials used for these will be non-toxic. The event will be in the school hall and a DJ will be present providing entertainment. We will also be providing a photographer.

Please note that students will not be given a ticket, they just have to give their name to the Interactors at reception on the night.

For permission to attend, arrangements at the end of the evening, permission for face-painting and having a photograph taken, parents/carers must complete [this Google Form](#).

We hope to see you there for a **spooktacular** evening!

Yours sincerely

Jamie Van-der-Heide
President of Interact

Mr M Instone
Head of Sixth Form
