Changes to School Timetable

Dear Students, Parents and Carers,

As you will have read in our PRS Bulletin two weeks ago, we are preparing the final version of the whole school timetable which will start on 1st June 2026. This is a **strategic change** to ensure that all students hit the ground running in September.

This will be the timetable that students will follow for the next twelve months, although in a few cases some staff will change in September.

It is possible that students will start to see on Arbor a first or second version of the timetable but this is highly unlikely to look like the final version.

Until we send out communication confirming the final version is ready, please ignore anything that appears; it is just part of the process.

We expect to be able to share the 2026-2027 timetable with you before the start of the half-term holidays.

Yours faithfully,

Mrs C Audemard
Deputy Head of School (Curriculum)
